FILING OF ONE WILL.

The One Made by Millionaire Rice in 1896 Given In.

VALUE NOT NAMED.

Most of the Estate Goes to Founding an Institution at Houston—A Copy of the Second Will Has Been Made.

New York, Oct. 13.—The will of W. M. Rice was filed for probate Friday. It is dated Sept. 26, 1896. The witnesses were W. C. Wetherbe of Brooklyn and W. F. Harmon, Brooklyn. The executors are W. M. Rice, Jr., J. D. Bardine and James A. Baker, Jr. By the terms of the will, the executors get \$80,000 in the benefit of the testator's brother, Frank A. Rice and his first wife, Charlotte. To the executors is left \$10,000 for the benefit of the testator's sister Mineva Olds of Massachusetts, and \$10,000 is left for the use of his sister Charlotte S. McKee of Massachusetts. The executors are to be recompensed for their service by a 5 per cent commission on the value of the estate. All the residue of the estate is bequeathed to the W. M. Rice institute for the advancement of literature, science and art, of Houston, Tex.

The testator states that he desires that his son, William M. Rice, Jr., be elected to the board of trustees, and he hopes he will take an active interest in advancing the affairs of the institute. It is also the desire of the testator that E. Raphael of Houston, Tex., act as secretary of the institute, he to receive no compensation for his services. It is mentioned, however, that his acceptance be conditional upon the boards approving him, otherwise the board may elect some one else.

In the clause by which the income of \$80,000 is to be paid to the executors for Frederick Rice and his wife Charlotte, there is a provision that in case of the death of either beneficiary, the other shall receive the income, and in case the beneficiaries should not need all the income, they may dispose of it as they see fit to any of the following persons: J. E. Rice, F. A. Rice, Jr., David Rice, George Rice, Minnie Lummis, wife of H. H. Lummis of Texas or Libbie Tinspon. To his nephew William H. Rice, the testator leaves any moneys due the firm of J. S. and W. M. Rice.

The will was filed for probate by Hornblower, Byrnes, Miller and Parker.

A petition was filed later by John D. Bardine but the value of the estate is not given in the petition. There is an affidavit by Frederick A. Rice attached to the petition in which he states that he has read the petition filed by Bardine and verified Oct. 12, 1900. He states he has given information to Bardine as to the relatives of the family of the testator and he says efforts have been made to locate Frederick M. Rice, but that no information has been obtained of his whereabouts for the past 30 years. He was last heard of in Hartford, Conn., and efforts were made to find him, but they proved unavailable.

Chief of Detectives McClusky has received what purports to be a copy of the second will of the late W. R. Rice. The original will is in possession of Attorney Patrick and Captain McClusky's copy is a copy of the copy which Patrick furnished to Captain Baker, Mr. Rice's lawyer from Houston, Tex.

In the first paragraph of this will, Mr. Rice, after stating that he is sound mentally, revokes all former wills. He appoints his nephew, William M. Rice, Jr., of Hyatt, Tex., and James A. Baker, Jr., of Houston, and Albert T. Patrick of New York as executors without security and for their services gives them a commission of 5 per cent upon the aggregate value of the whole estate, excluding such gifts as the testator makes to the William M. Rice institute.

The next paragraph bequeaths to his brother, Frederick A. Rice, or his lineal heirs if he die before William M., the sum of \$50,000.

Next comes a bequest of \$25,000 to each of his brothers and sisters surviving him. To the directors of the William M. Rice Institute \$5000 each is left and \$5000 to each of the following named persons: Charles T. Adams of Mont Claire, N. J.; A. R. Cohen of Houston, Tex.; John D. Bardine of Somerville, N. J.; W. O. Wetherbe of New York, and Frederick L. Blynn of Springfield, Mass.

The last paragraph of the will reads: "I give, devise and bequeath to A. T. Patrick formerly of Texas, all the rest and residue of my estate, real, personal or mixed, heretofore or hereafter acquired and wheresoever situated."

The will is dated June 30, 1900, and is witnessed by Morris Meyers, a lawyer of this city, and David L. Short, a publisher of Brooklyn.

The Rice estate is estimated at be-

tween \$6,000,000 and \$8,000,000. The bequests to others than Patrick reach less than \$1,000,000.

Albert T. Patrick and Charles F. Jones will be arraigned Monday on the charge of forging the name of Mr. Rice to a check amounting to \$65,000.

Shortage Increases.

New York, Oct. 13.—Another discovery has been made at the Elizabethport bank, which increases the stealings of Defaulter Schreiber to \$109,796.

HASTE DOES NOT PAY.

Diplomacy Puts United States in Favor as to Its Chinese Policy.

New York, Oct. 13.—Andrew D. White, ambassador to Germany, came to this city from Ithaca Friday night. He expects to return to Europe by next Tuesday's steamship. In speaking of American diplomacy he said:

"One of the shrewdest members of the diplomatic corps in Berlin expressed the opinion that this country was the only one that received any distinguished success in the Chinese crisis. The other governments there proceeded on the theory that their representatives in Peking had been murdered. Therefore they were disposed to rush developments without taking any chance that the ministers were alive.

The government of the United States assumed that the Chinese government was not hostile. The result was shown in this country receiving the first news, the longest dispatch, that the ministers were alive. Another great stroke of diplomacy was when the foreign troops attacked Tien Tsin the troops of this country held aloof. The whole Chinese matter shows the remarkable shrewdness and excellent diplomacy of this country.

Punishment of Boxer Leaders.

Berlin, Oct. 13.—Dispatches received here from Tien Tsin dated Oct. 12 say:

"At a conference of diplomats at Peking on October 8, the German note of Oct. 1 was discussed. In regard to the first point whether the list of ringleaders contained in the Chinese emperor's edict was complete, the conference declared the name of the culprits Tung Fuh Sian and Yu Hsin were omitted. On the point of two it was decided the punishment was inadequate. On the point of three it was concluded the penalties must be carried into effect by the delegates of the legations."

Dowager Empress' Bodyguard.

Paris, Oct. 13.—A trustworthy dispatch from Shanghai says General Liu, chief of the Black Flags has left Canton at the head of a considerable force and that he will traverse the province of Hu Nan, will try and cross the Yang Tse at Ona, and then, traversing the province of Ho Nan, join the empress at Sian Fu, capital of the province of Shen Si, for the purpose of acting as her bodyguard. The dispatch adds it is believed the dowager empress will arrive at Sian Fu about Oct. 20.

SMALL WARSHIPS.

Four More Steamers and Three Gunboats Added to Our Navy at Manila.

Washington, Oct. 13.—The extent of the fleet of small craft which the army and navy gradually have accumulated in the far east is shown by reports to the navy department on the amount of work progressing at the Cavite yard. These show four steamers, El Cano, Meriveles, Talens and Mendora; three gunboats, the Albay, Caliamenes and Garoqui and two armored tugs now undergoing repairs.

Some of these boats were captured by the army and turned over to the navy, and all of them are said to be well adapted for service in the shallow waters along the coast.

The monitor Monadnock is also undergoing repairs at the Cavite station.

AMERICAN CARS.

They Will Take the Place of Old Style Carriages in Germany.

Washington, Oct. 13.—American railroad cars in Bavaria is the subject upon which Vice Consul General Hanauer of Frankfurt writes to the state department in his latest report.

The Bavarian government says the consul, which owns all the railways and canals in that state, recently has begun work on an American model car to be built in Nuremberg for an express train. An American company which is furnishing the wood work and metal fixtures has sent one of its constructors to supervise the construction of the car. This would seem, adds the consul, to indicate that the small old style cars used in Germany are to be abandoned and replaced by new ones patterned after the commodious American style.

ONE-FOURTH REBATE.

Nicaragua Reduces Import Duty on Provisions from United States.

Washington, Oct. 13.—Vice Consul Scott, at San Juan del Norte has informed the state department of a material rebate in the Nicaraguan import tariff on 26 specified varieties of provisions such as lard, meats, fruits, vegetables, fish, flour, etc, as well as on brogans for laborers.

three-fourths of the former duty collected on the articles mentioned shall hereafter be charged.

This rebate however, is in force only at the custom houses at Cape Gracias-a-Dios, and the bluff and the articles will not be permitted to enter any other part of Nicaragua without paying 25 per cent additional duty, or the original rate levied.

To Collect Tribal Tax.

Ardmore, I. T., Oct. 13.—Chief of Indian Police Jack Ellis, accompanied by a number of police are here for the purpose of assisting the tribal authorities in the enforcement of the tribal taxes. The merchants will, it is learned, refuse to pay this tax and, according to Inspector Wright, will be subject to ejectment.

Died of Scarlet Fever.

Sherman, Tex., Oct. 13.—Henry, the son of Mr. and Mrs. W. P. Harris, died here of scarlet fever. This is the only death from this disease in many months.

CITY COUNCIL.

Some Important Recommendations by Mayor Mooring.

The city council met in regular session Friday night, Mayor Mooring presiding, and all officers present.

Minutes of preceding regular and called meetings read and approved, officers report approved and bills approved and ordered paid.

The fiscal agent's report showed balances as follows:

School fund	\$2,206 42
Special building fund	2,454 76
Water works fund	775 21
Cemetery fund	96 94
Building and street improvement fund	425 40
Tax and fine fund overdrawn	703 21
Street appropriation fund overdrawn	.65

The following recommendations from the mayor to the board of aldermen were read by Secretary Rhodes: To the City Council:

Gentlemen—In view of the fact that there is a large surplus in the school fund, which, under the law, can only be used for school purposes, and it being apparent that same is not needed for that purpose, I respectfully suggest that a committee from your body be appointed to confer with the school board and see just what amount of same is needed for building purposes, and said committee to report at the next meeting if there can not be a reduction in taxes to correspond with the amount of said surplus. I would further suggest that the fire apparatus is defective, and it occurs to me that the keeping of same and the horses connected therewith, is a useless expense and that same could be dispensed with and the horses sold, and, if possible, return the wagon in exchange for the city's notes given therefor. As our people have been at great personal expenses for public improvements, I believe any relief extended on the lines suggested would be by them appreciated.

J. S. Mooring.
Mayor.

Upon motion, the recommenda-

tion regarding the school fund was referred to the finance committee with instructions to investigate it and report to the council at next meeting. The recommendation regarding fire horses and apparatus was referred to the fire committee, who were instructed to ascertain if it would affect insurance rates and report at next meeting of the council.

The committee appointed to confer with Mr. Sam M. Winter, regarding the sale of the lots for the proposed ice plant north of town, reported that they had agreed to sell five lots for \$250.00, the deed to be made upon the beginning of the work of erecting the ice and cold storage plant. The negotiations not having been completed the committee was granted further time.

The city attorney reported the work of printing the street improvement bonds in progress, and the committee to report on the cost and kinds of material for the work was granted further time.

The Mother Superior Here.

The Mother Superior Mary Joseph accompanied by another sister of the Ursuline Convent at Galveston is the guest of Mr. and Mrs. John Daly. She arrived by the afternoon train yesterday and was shown over the town and driven out into the country nearby. She is seeking a location for the Ursuline convent, as stated in the Eagle yesterday morning, and has visited several towns in the state. She appeared to be very favorably impressed with Bryan, but it is not yet known what the outcome of the matter will be.

Many of the business and professional men of the city expressed great interest in the prospect of getting the convent here yesterday, and the sentiment appeared to be that a united effort should be made to secure the institution.

SWEET BE HER REST.

"Nearer my God to thee, nearer to thee,
E'en though it be a cross that raiseth me,"
Mrs. Mary McIntosh, nee Miss Mary Campbell, was called to rest from her home in this city Oct. 8, 1900. The deceased was born in Miller county, Missouri, and lived in Bryan since it was a struggling village. The funeral services were conducted by Rev. Jewell Howard, of the Christian church, in an impressive manner, after which the remains were followed by a large funeral train to old Boonville cemetery.

"There sweet be thy rest till he bids thee arise,
To meet him in glory descending the skies."

Kind words and generous deeds marked the sunshine every day of her life. It's the little things that count, and those who only knew her outwardly were strangers to her true character.

We cannot understand why Providence called such a pure character, nor is it necessary that we should. "God moves in a mysterious way His wonders to perform."

She lived, loved and was beloved. The longest life contains nothing more, and many days will pass ere the tear of sorrow will cease to flow; yet, the hope of meeting her in the other life looms before us as sunbeams.

She has shed her last tear and upon her stainless brow is set the seal of everlasting peace.

"Then lay her in the earth,
And from her fair and unpolluted flesh
Let violets spring.
When in reunion, glad and sweet,
In your fair home on high,
Our loved and lost again we greet,
We'll never say good-bye."

"There love and joy will thrill each heart,
And beam from every eye,
From dearest friends will never part,
And never say good-bye."
A Friend. C. H. R.

District Court.

The district court adjourned yesterday. Lavonia King and Frank Hardy, convicted of assault to murder, were each granted a new trial. The court overruled a motion for a new trial in the case of Henry Thomas, convicted as an accomplice to murder, and the defendant gave notice of appeal. New trials were granted in the case of A. D. McConico vs. the Western Union Telegraph Co., and in the case of J. W. Gee vs. the H. & T. C. railroad, the latter on account of error in the admission of evidence. The court overruled a motion for a new trial in the case of Mrs. Rawls vs. the Western Union telegraph company. Notice of appeal was given by defendant company.

Stevenson in Delaware.

Baltimore, Oct. 13.—Adlai E. Stevenson returned here from Hagerstown early this morning and left immediately for Wilmington, Del., where he spoke in the afternoon. Stevenson shows some signs of fatigue, but on the whole he is bearing the strain of active campaigning remarkably well. He expresses absolute confidence in Democratic success in Maryland and declined to say anything concerning Former President Cleveland's latest declaration on the currency question.

Jones on Cleveland Views.

Chicago, Oct. 13.—When Senator J. K. Jones' attention was called to Grover Cleveland's utterances he said: "Everybody had known for five years what Mr. Cleveland's views were on the money question, and we did not expect any change. His letter, therefore, does not seem to have any significance. It should be remembered in that connection that he has always expressed his warm condemnation of President McKinley's expansion policy."

Heavy Registration.

New York, Oct. 13.—Returns from the registration are slow coming in and six election districts are yet unreported in Manhattan and the Bronx. The reason advanced for the slowness is that a great majority registered after 8 p. m. The first day's registration for all the boroughs far exceed that of last year and the last presidential year. With six election districts missing the total in Manhattan and the Bronx is 143,082 compared with 139,225 in 1896, and 84,907 last year. The total for Brooklyn is 92,682 compared with 90,183 in 1896 and 61,010 last year. Richmond had a total of 4776 compared with 3028 in 1893. Queens had 10,987 this year compared with 5808 in 1898.

PARKS & WALDROP,
MEN'S
OUTFITTERS

PERU AND CHILI.

Indications Point to an Amicable Adjustment of All Differences.

Washington, Oct. 13.—Minister Calderon of Peru and Secretary Hay held an extended conference for the purpose of going over the relations between the two governments which are at present of the most harmonious character. Concerning the reports of serious trouble impending between Chili and Peru, Mr. Calderon says every thing points to a satisfactory adjustment of all pending questions.

It appears that the queen regent of Spain has been chosen as arbitrator of two points on which the two governments have not reached a settlement, all the remaining points being included in a written agreement. This agreement already has been approved by the congress of Peru and will be submitted to the Chilean congress which is about to assemble. The points left to the arbitration of the queen regent relate chiefly to those who will be permitted to vote in the plebiscite as to the future of the provinces of Tacna and Arica.

The sovereignty over these provinces has long been a source of contention and is to be determined finally by a plebiscite among the people themselves. With the pending questions determined, Mr. Calderon says Peru's foreign relations will be placed on a most satisfactory and stable basis.

CONSERVATIVES WIN.

They Will Be in Power for the Next Six Years in Great Britain.

London, Oct. 13.—The new house of commons is practically elected and the Conservatives returned to power with a majority that portends that they will remain in office another six years. Justification of the South African war, for that was the only serious issue in the campaign, has been accomplished and that in less than two weeks, and the election machinery, so suddenly put in action, is already relapsing into the quiescence of ordinary times.

Of the contests that mark this week's polling two attracted particular attention. That which resulted in the defeat of Rt. Hon. Horace Curzon Plunkett, who ran for the south division of Dublin county in the Conservative interest, and that in which Dr. Gavin Brown Clark, the Radical candidate for Caithness, was beaten.

Row at the Ringside.

Chicago, Oct. 13.—It took half a score of policemen 10 minutes to clear the ring at the Illinois Athletic club Friday night, so incensed and angry had the spectators become over the decision of Referee Hogan giving Buddy Ryan the decision over Young Mowatt at the end of a 6-round fight. In the scrimmage Hogan was struck in the face knocking him down. Sig. Hart, the local bantamweight, tried to protect the referee and received a severe beating for his pains.

State University Lands.

Austin, Oct. 13.—The board of regents of the state university have found that their system of having a special land attorney to look after the lands belonging to the institution is very satisfactory and the increase in receipts from leases is surprising. The report will show that the university now owns 2,100,000 acres, of which about 1,491,000 acres are under lease. Very little of the land has been sold under the new arrangement.

Bridge Watchman Murdered.

Texarkana, Ark., Oct. 13.—Ed Evans, a bridge watchman for the Kansas City Southern railroad, 10 miles north of here, was found dead on the railroad track near his charge. He had been murdered and his body was discovered before a train could pass over it. Eight tramps have been arrested and jailed for the murder. It is believed Evans was killed because he would not let tramps cross the bridge.

Fire at Wolfe City.

Wolfe, City, Tex., Oct. 13.—The seed-houses of the Hunt County Oil Mill company were burned Friday morning. The fire is supposed to have been started by the careless dropping of a match. Little damage was done to the main building and the machinery was saved. There was a large amount of seed in the house, and the total loss is estimated at about \$40,000.

Refunding Land Payments.

Austin, Oct. 13.—The attorney general has to date approved claims to the amount of \$38,576.28 for refunds to purchasers of school lands where patents did not issue. The last legislature appropriated \$85,000 for this purpose and the amount thus far paid out leaves a surplus of \$6,423.72.

Transit of Ammunition Prohibited.

Washington, Oct. 13.—The exportation and transit of ammunition and gun powder from and through The Netherlands has been prohibited temporarily, according to dispatch to the state department from United States Minister Newell at The Hague.

Contract for Steel Rails.

Philadelphia, Oct. 13.—President Cassatt of the Pennsylvania railroad has awarded contracts for 150,000 tons of steel rails for which the company will pay \$26 a ton, or a total of \$3,900,000 for the entire order.

Convicted of Uxoricide.

Marlin, Tex., Oct. 13.—In the case of Martin Pierce, a negro, charged with killing his wife, the jury returned a verdict of murder in the second degree and assessed his punishment at 25 years in the penitentiary.

Noted Sport Dead.

Galveston, Oct. 13.—J. G. Duffield, one of the noted sporting characters of the southwest, died here.

Young People's meeting at 4 p. m. The membership is invited to be present at the service. A welcome to all visitors and strangers.

Murphy's Masquerade.

Bright and lively is Joe King's big Irish farce Comedy, with 25 fun makers who endeavor to please, and when such interest is taken a Farce Comedy is sure to be a success. Many specialties are introduced and the stage is never left vacant for a single moment during the time the curtain is up. It is certain to drive away the blues and leave the spectator in a good humor. It will be presented at the Grand Opera House on Friday night October 19.

YOUTSEY BETTER.

He Understands and Obeys Nurses, but Does No Talking.

Georgetown, Ky., Oct. 13.—Youtsey is better. He seems to understand and obey the nurses, though he does not talk or answer questions. There is now less fear of brain fever and it is possible the trial may be resumed at once. His color

HENRY E. YOUTSEY.

remains good, his breathing natural, and his sleep restful. Dr. Carriek says no opiates have been given the prisoner since Tuesday night and that the continued stupor results entirely from natural causes.

AMERICA'S CUP RACE.

Prospects of Another International Yacht Race Please English Sports.

London, Oct. 13.—The prospect of an other international yacht race creates no end of anticipation and is enthusiastically welcomed as a grateful relief to the tragic happenings which have marked the just completed year of Boer warfare. The spirit of opposition which Sir Thomas Lipton encountered among some of his own people last year and the accusations of self-advertisement, do not appear likely to be repeated this time, for the bonafide spirit of sportsmanship is becoming generally recognized, though the bulk of Englishmen are beginning to believe the cup is in America for good.

WILL NOT DELIVER.

Enlisted Man or Prisoner Cannot Be Habeas Corpus by a State.

Washington, Oct. 13.—The war department has issued a general order which directs army officers to decline to produce an enlisted man or prisoner upon a habeas corpus issued from a state court, though the answer must be respectful and must cite the fact that the United States supreme court has decided the state court has no jurisdiction. In case of a writ issued by the United States court, however, the prisoner or enlisted man, must be delivered promptly.

A PERMIT TO TRAVEL.

Aliens in Roumania Must Have an Order to Travel Upon.

Washington, Oct. 13.—Mr. Hardy, the United States minister to Greece has informed the state department that there are new regulations now in force at Roumania, requiring aliens traveling or residing in that country to procure permits. These permits are issued only to those who have passports or other travel certificates which should be vized at the consulate or legation in Roumania. Foreigners arriving in the country who intend to remain over 8 days, must procure their permits within 24 hours. Those rules do not apply to naturalized Roumanians.

Movement for a Big Packery.

Fort Worth, Tex., Oct. 13.—An important meeting was held here Friday afternoon looking to the erection of a large packery in Fort Worth. Several members of the board of trade and other leading citizens were present. Nothing was given out for publication, but it is understood from a reliable source that some of the wealthy cattle men located here have been in conference with the prime movers and have expressed themselves as looking with favor upon such an enterprise.

Judge Gray Selected.

Washington, Oct. 13.—It is understood that the president has selected Judge George Gray of Delaware to represent the United States, with ex-President Benjamin Harrison, on The Hague permanent arbitration tribunal. Judge Gray is a former senator from Delaware and a Democrat. He was a member of the Paris peace commission and is now a United States judge for the Third judicial circuit. His selection will not involve the surrender of that position.

Another Demand on Morocco.

London, Oct. 13.—The United States, according to special dispatch from Tangier, has renewed a demand upon the government of Morocco for \$5000 indemnity to the family of Marcus Azzaoui, a naturalized American citizen, murdered by a mob at Fez last June.

Failure at New York.

New York Oct. 13.—George M. Olmstead and Charles H. Taylor, composing the firm of Olmstead & Taylor, dealers in investment securities, stocks and bonds, made an assignment here with-out preferences.

Left to Congress.

Washington, Oct. 13.—It is understood the final disposition of silver (some \$275,000 in amount) taken by the American marines at the capture of Tien Tsin will be determined by congress.

THE MINERS DIFFER.

Some Willing to Accept the Offer if Concessions Are Granted.

NO DECISION MADE

The Convention Is Holding Secret Sessions and Several Conferences Have Taken Place Over What Is Best to Do.

Seranton, Pa., Oct. 13.—It is the opinion of most people that the 10 per cent proposition has but little chance of being accepted. The delegates seems to be almost unanimous that the operators should first make concessions on the other grievances. Much stress was laid upon the necessity for abolishing the sliding scale and substituting therefor a tonnage basis. The proposition of having the operators guarantee a stated time for paying the advance was thoroughly discussed, while not a few delegates said they would be satisfied with nothing but a more liberal advance.

After the recess of the convention the credential committee's report was received and adopted.

President Mitchell ruled that in compliance with the promise made to the nonunion miners, all unorganized men on strike could be represented in the convention.

There were 857 delegates present and after a secret session the convention adjourned until this morning.

In Secret Session.

Seranton, Pa., Oct. 13.—The joint convention of the anthracite miners again went into executive session shortly after 9 o'clock this morning. There were numerous conferences between officials of the United Mine Workers' Union and also among the delegates, but when the convention went into session no definite plan had been decided upon as to what action should be taken in regard to the operators' wage advance. The two plans suggested are—that the whole matter be left to a committee and that national officers be instructed to find a solution of the complicated problem still finds favor among some delegates.

From what can be learned from the delegates it is believed most of them favor the acceptance of the operators' offer of 10 per cent increase in wages, providing they make some concessions in other grievances. Many of the delegates feel that an agreement can be reached.

Car Builders Strike.

Huntington, W. Va., Oct. 13.—All the car builders of the American Car works in this city are on a strike. They demand \$1 more a day on a car.

Austin Budget.

Austin, Oct. 13.—The annual report of the Gulf, Beaumont and Kansas City railroad has been filed with the railroad commissioner. The gross earnings are \$269,505 and operating expenses \$188,816. The Warren and Corsicana Pacific railroad's annual report shows the gross earnings to be \$23,903, operating expenses \$19,708.

The following charters were filed by the secretary of state:

Jacksboro Light and Power company of Jackshoro, Tex., capital stock \$6000.

Paris and Minte Telephone company, with headquarters at Pattonville, and the object being to operate a telephone line from that point to Paris and Minter and other points in Lamar, Delta and Red River counties, capital stock \$250,000.

An Appeal to Veterans.

Sioux City, Oct. 13.—Commander H. D. Davis of the department of Iowa Grand Army of the Republic, has sent the adjutant general an order requiring comrades of this state to contribute funds to aid the needy veterans in or near Galveston. The order states that between 150 and 200 families of old Union soldiers are suffering from the hurricane and flood and Commander Davis urgently appeals for aid.

New York Will Be Repaired.

Washington, Oct. 13.—As the North Atlantic squadron will not start for its winter cruise south until about Dec. 6 the navy department has decided to utilize the intervening two months for necessary repairs on the flag ship of the squadron, the cruiser New York, and these have been ordered to be made at the New York navyyard with the condition that they shall be completed by Dec. 6.

Parliament Prorogued.

Cape Town, Oct. 13.—Parliament was prorogued today. Premier Sir James Gordon Sprigg expressed the hope that when parliament reassembled all the bitterness will have passed away and peace and good will will prevail in South Africa.

Boy Run Over by a Train.

Van Alstyne, Tex., Oct. 13.—Oham Ross, a young man 16 years of age, who lives at Allen, I. T., in getting off the train here, fell and the train ran over his leg between the knee and foot. It is thought amputation will be necessary.

Total Amount Received.

New York, Oct. 13.—The relief committee of the chamber of commerce of Galveston reports additional contributions amounting to \$6304; previously acknowledged \$109,693, making a grand total of \$115,998.

Left With Indian Police.

Ardmore, I. T., Oct. 13.—The matter of forcing the collection of tribal taxes in the Indian Territory has been placed in the hands of Indian police. Those who refuse to pay will be ejected.

If They Just Knew!

How artistic we could frame pictures, how many

more homes would be brightened with nice pic-

tures hung on their walls. If you can't afford the

best of Photographs and paintings you can save

a good collection of Chromos that are published

at a small cost. Our stock complete, our prices

right.
